**Sabaf Group** joins the **#iopagoifornitori initiative** ("I pay my suppliers" in English), launched by the AIB (Industrial Association of Brescia). The objective of the initiative is to **stimulate the companies in the Brescia economic system to respect the payment terms agreed with their suppliers, despite the difficulties related to Coronavirus** and, more generally, to promote transparent and efficient practices. The Manifesto, to which each company can adhere voluntarily, is inspired by the principle of maximum collaboration between companies and suppliers. It also intends to remind the Public Administration of its responsibilities, inviting it in this extremely critical phase to honor its payments to all its suppliers.
